DECIMALS
Learning Journey

	Learning Objectives	Ongoing Assessment			
		Target	Some	Good	Exceed
1	To use known facts to add and subtract decimals within 1.				
2	To find complements to 1 for numbers up to 3 decimal places.				
3	To add and subtract decimals across 1.				
4	To add decimals with the same number of decimal places using the formal written method.				
5	To subtract decimals with the same number of decimal places using the formal written method.				
6	To add decimals with a different number of decimal places using the formal written method.				
7	To subtract decimals with a different number of decimal places using the formal written method.				
8	To explore multiple strategies to solve addition and subtraction problems.				
9	To explore decimal sequences.				
10	To multiply decimals by 10, 100 and 1,000.				
11	To divide decimals by 10, 100 and 1,000.				
12	To apply knowledge of multiplying and dividing decimals by 10, 100 and 1,000 to work out missing values.
