

# POSITION AND DIRECTION

## Learning Journey

	Learning Objectives	Ongoing Assessment			
		Target	Some	Good	Exceed
1	To read and plot coordinates.				
2	To solve problems involving knowledge and understanding of coordinates.				
3	To translate shapes on a squared grid and a coordinate grid.				
4	To understand how coordinates change when points are translated.				
5	To explore lines of symmetry in a 2D shape.				
6	To explore reflection in horizontal and vertical lines.
